Saladmaster Hurricane Relief - Standing Strong

At the heart of the Saladmaster business is the people. The recent devastation caused by Hurricane Harvey and Irma has affected everyone. The Saladmaster family has a global reach of people who love to give back. This is our way of coming together and making a difference.

Hurricane Relief - Standing Strong

During the month of September, Saladmaster & Regal Ware are partnering with the American Red Cross to help the thousands of people affected. With every set sold during the month, there will be a portion of the proceeds donated to the American Red Cross. Every show cooked and set delivered, we will be able to impact people who are in need and continue to change life.

Along with the September effort, we have created a American Red Cross link if Consultants or Hosts would like to join in the effort. Click here to support the effort
